

Austin Simpson — Web Dev

Logo + Color Palette + Style Guide

Logo

A minimalist circular 'A' monogram in a code/terminal style — a bold white 'A' set in a monospace typeface, centered inside a black circle ringed by concentric neon-green lines. Delivered as a scalable vector (SVG) file, so it stays crisp from favicon size up to print.

Color Palette

	Background Black (#000000)	Primary background
	Signature Green (#39ff14)	Logo, headings, links, accents
	Hover Green (#8cff6b)	Lightened accent for hover states
	Muted Blue (#2b6cb0)	Buttons / calls-to-action (50% transparent on-site)
	Body Text White (#f0f0f0)	Primary text on black
	Muted Text Gray (#cccccc)	Secondary text

Basic Style Guide

- Typography: Monospace font throughout (Courier New) — reinforces the code/tech identity site-wide.
- Buttons: Rounded corners (5px radius), muted blue fill, darker blue on hover, gray when disabled.
- Panels/sections: Rounded corners (10px), translucent black backgrounds.
- Links: Signature green, brightening to light green on hover.
